

Hot 30 SEO Niches

Quick Questions:

- How many times have you built a niche sites to find out that it's near to impossible to get to first page OR there's no money in it?
- How many times have you bought all those "shiny new" keyword research tool that promises the moon and you never ended up making \$1 online?
- How many times have you tried to tell yourself that 90 days from now, you're going to create a \$1,000 / month passive income and you always get sidetrack half way through?

Quick Answers:

- There are niches out there that are LITERALLY un-tapped & there are "cash cow" if you use it to your advantage.
- Stop chasing for that "Magic Bullet" that will solve all your problems with a push of a button. It doesn't exist! You need to start applying the correct knowledge and STOP being lazy!
- Creating \$1,000 / month passive income is not IMPOSSIBLE yet at the same time it takes the RIGHT ATTITUDE to achieve it as well.

Action Plan:

- Go through these niches that I'm about to share with you and think of other ways of monetizing it rather than just affiliate marketing. ie: Sell leads to local business etc.
- Use common sense when you do keyword research on a particular niche.
